And we also publish fixed price catalogs on world paper money and the annual subscription cost is $2.00. Should you wish to subscribe to all three of the above the cost is $6.00. Airmail on any or all of the above, U.S. addresses (includes all 50 states, U.S. possessions, APOs and FPOs) cost is an additional $3.00. S P E C I A L O F F E R I N G

Since the response to our last Special Offering (Brazilian Y-24 20 Cruzieros coin) was so gratifying, we have decided to contine offering our customers unusual coins at reduced prices. As sports coins are now quite popular, we are pleased to announce this month's special, Finland's Y-64 100 markkaa of 1971 that was struck in silver to commemorate the 10th European Athletic Championships. Pictured at left, the coins are bright UNC, 35mm crown size and priced at an attractive $4.95 each. Because the coin is offered at such a tremendous reduction it is available only with a minimum order of $20.00 from this catalog and is limited to one coin per order. An additional $1.00 per coin is required if you are requesting more than one "Special" coin. If you wish to place an order that is less than $20.00---just add $1.00 to the total price of the order.

The references used to catalog these sections are: (1) Primarily Elizondo's Eight Reales and Pesos of the New World book, the first numbers are the code numbers, and the "T" numbers are the type; (2) Yeoman's Catalog of Modern World Coins book - these are the "Y" numbers used to cross-reference each Elizondo type; (3) When Yeoman is not applicable, we are referring to W. D. Craig's Coins of the World 1750-1850 book, which are the "C" numbers.

Elizondo's numbers are used by all of the leading numismatists in the United States and abroad. Collectors without a second edition are urged to obtain a copy. The book is available from us at $12.50 postpaid.

*1852 Silver Comm. Proclamation, honoring Bolivian political figure Brig. Gen Manuel Belzu, 38mm. Obv: Angel w/trumpet & wreath flying in clouds; around, legend & date; Rev: radiant sain enclosing tomb, legend "AL SER SUPREMO QUE SALVO A BOLIVIA" (To the Supreme Being that Saved Bolivia) is an ironic departure from the historical estimation of Belzu whose brief (1848-1855) time in office was filled with such demagogy & disregard for the welfare of the people that the Bolivian colloquialism "belsismo" is now used to describe the height of vulgarity. Hardly appropo, the legend would be better used in reference to the Great Emancipators Bolivar & Sucre. AU,tone. 115.00

*BO406A Y66 2 Centavos 1878 unlisted type. Obv. eagle & legend similar to Y66 except value below. The reverse has legend within wreath "LA UNION ES / LA FUERZA" and date "1878" below wreath. This type has not been entered in Yeoman; however, this is indeed a regular coin and not a pattern and when entered in Yeoman it will probably be listed as RARE as cataloger has only been able to trace 3 of such pieces all of which have circulated. The 1¢ of this type also exists. The coin we are offering has a Fine obv with a quite worn reverse. Most of the legend is hardly visible. In spite of this, the coin still makes a nice presentation & is free of corrosion 100.00

SPANISH TREASURE COINS: We have received a number of requests from our customers asking for treasure coins and we find that, while some do not specify particular coins, others believe that one of the most exciting aspects of collecting these treasures comes in knowing their history and origins. In response to your requests we are hereby offering a number of intriguing coins and accompanying them with a factual delineation of their individual source. The 8 Reales cargo from the Spanish Ship Maravilla that sank off the Little Bahama Bank in the Caribbean in January, 1656, a portion of which were sold by Schulmann Coin & Mint, Inc. of New York on December 2, 3, & 4, 1974, are from the Potosi and Mexico Mints and were struck during the reign of Philip IV. These 8 Reales are enclosed in a plush box and have a certificate of guarantee specifying source and genuineness. They are being offered as follows:

Grade D-P: Designs discernible, Potosi Mint 14.50

Grade D-M: Designs discernible, Mexico Mint 18.50

Grade C-P: Designs discernible, but less affected by sea action, Potosi Mint. 19.50

Grade C-M: As above, Mexico Mint. 26.50

Grade B-P: Fine for issue w/characteristic shield & cross of Piece of Eight clearly marked. Sometimes magnifying glass needed to determine date. Identified to Calbeto #. Potosi mint. 34.50

Grade B-M: As above, Mexico Mint. 42.50

Grade A-P: Fine-VF for issue, similar to above & denomination mint, assayer date, part of legend visible. Coin identified as to Calbeto number. Potosi Mint 42.50

Grade A-M: As above, Mexico Mint. 49.50

(See page 32 for photographs of a group of 8 Reales.)

TREASURE OF TEXAS' PADRE ISLAND: This offering includes specimens that washed up on shore much after three ships sank in the so-called Jetty Wreck of 1554 that occurred near Port Mansfield Pass, Padre Island, along the Texas Coast. Having been at one time embedded in the ocean floor, the coins undeniably show the effects of their long battle with the sea but nevertheless remain a vivid memory of the early culture of the Mint of the Americas. The grades quoted above may be used as a reference understanding of the following descriptions with the exception that these particular coins were not struck with dates. We are proud to offer them as follows:

Mexico Mint (only), Carlos & Johanna:

2 Reales: Grade D 9.50; Grade C 13.50; Grade B 17.50; Grade A . . 22.50

4 Reales: Grade D 38.50; Grade C 44.50; Grade B 52.50; Grade A. . [illegible]

(See Page 33 for photographs of an average group of specimens offered, inclusive of all grades described.)
